Garbage room

Outside the building, next to the entrance door to the apartments, there is the garbage room where you shall dispose sorted household garbage to dedicated containers, compost/organic (food etc), cardboard, plastic, colored and uncolored glass, batteries, and lamps.

Make sure to put the above-mentioned garbage in the correct container for recycling.

Any other types of garbage, e.g. metal, styrofoam and chemicals etc. you should leave at the nearest recycling station on Vejlegatan behind Kista Galeria shopping mall.

Please note that it is **absolutely forbidden** to place any of the above as well as bulky waste (furniture, electronics, large size material etc) outside the containers in the garbage room or to throw away flammable substances.

You should transport such material to the nearest recycling station.

Laundry rooms

The association has laundry rooms on each floor. You can book your laundry time by writing it down on the calendar found in each laundry room. Remember not to book the laundry room for more than 4 hours at a time, max one time per day, not after 22.00 and before 07.00 o'clock. You are expected to clean up after using laundry.

Possibility to continue drying the clothes after your session is maximum 1 hour.

Clean the filter in the tumble dryer and dust inside the drying cabinet with a brush to increase the life of the machine. Rinse out the detergent compartment of washing machine and leave the machine hatch (door) open to avoid mold formation. Booked laundry time will be expired if the laundry is not started within 30 mins from laundry start time, meaning any other tenant will have the right to take over the booked time. Don't forget to switch off the washing machine, dryer and turn off the light in the laundry room.

Bicycles and strollers/prams

Next to the entrance door, you will find the bicycle room where bicycles, strollers/prams can be stored.

Due to fire risk and evacuation, it is not permitted to place bicycles and strollers/prams at the entrance, corridors, or stairwells.

Smoking

Smoking is absolutely prohibited everywhere indoors!

Miscellaneous
